PROFILE

Full-Stack Developer with expertise in HTML, CSS, JavaScript, Python (Flask/Django), and PostgreSQL. Currently pursuing a Diploma in Web Application Development at Code Institute. Strong problem-solving and organizational skills, with experience in office administration. Fluent in English and Polish, I am adaptable, detail-oriented, and passionate about building user-friendly web applications.

EDUCATION

Diploma in Web Application Development

Code Institute, University Centre Peterborough (October 2023 – Present)

- Focused on full-stack development, including HTML5, CSS3, JavaScript, Python, Flask, Django, and relational databases like PostgreSQL.

Business Administration Apprenticeship (Level 3)

Skills Training UK (2021–2022)

- Developed organizational, communication, and problem-solving skills in a professional setting.

Functional Skills in English and Maths

Skills Training UK (2022)

- Level 2 qualifications in English and Maths, equivalent to GCSEs.

WORK EXPERIENCE

Solent Transport Services

2021 - PRESENT

Office Administrator

- Managed data entry for deliveries, ensuring accurate records in the system.
- Liaised with customers via phone and email, addressing queries and resolving issues.
- Reviewed and validated driver's licenses and certificates to maintain compliance.
- Carried out general office duties, including document management and scheduling.
- Utilized Microsoft 365 for producing invoices, raising credits, and managing documentation.

Sidewalk Cafe

2020 - 2021

Barista/Waitress

- Handled billing processes and payments with accuracy and integrity.
- Maintained a strong rapport with customers and resolved service issues through effective communication and problem-solving.

Wildwood Restaurant

2018 - 2020

Waitress

- Collaborated with a team to ensure high-quality service in a fast-paced environment.
- Focused on maintaining cleanliness and organization in workspaces.
